INTRODUCTION

- This guidance applies to all Scottish FA National Affiliated Associations leagues and clubs and is in accordance with the Scottish Government COVID Protection Levels as announced on Thursday 29th October 2020.
- More detailed information on these revised restriction levels can be found within the Scottish Government's 'Coronavirus (COVID-19): Scotland's Strategic Framework' which can be downloaded in PDF format here: www.gov.scot/publications/covid-19-scotlands-strategic-framework/
- Please note that for the Adult game, specific restrictions apply – there is separate guidance available for Under 18s.
- All clubs MUST follow all Scottish Government COVID guidance related to sports and leisure facilities found here: <https://www.gov.scot/publications/coronavirus-covid-19-guidance-on-sport-and-leisure-facilities/>
- In addition to the above, all clubs MUST follow sportscotland's latest sports facility guidance release: <https://sportscotland.org.uk/covid-19/getting-your-facilities-fit-for-sport/>. As with previous phases, we continue to work closely with the national agency for sport to ensure consistency and clarity across our respective guidance and key messaging.
- These specific protocols are in accordance with current Scottish Government COVID guidelines and MUST be implemented in conjunction with Scottish FA COVID Levels Guidance found at the Scottish FA's Return to Football Hub: <https://www.scottishfa.co.uk/football-development/return-to-football-hub/covid-protection-levels-guidance/>).
- This document compliments all of the above guidance. It should not be read in isolation.

TRAVEL GUIDELINES

- For the most up-to-date travel advice for your local authority area, please see the Scottish Government COVID Protection Levels page on the Scottish FA Return to Football Hub:
<https://www.scottishfa.co.uk/football-development/return-to-football-hub/covid-protection-levels-guidance/>
- Where matchplay is allowed, clubs must play games as locally as possible. However, we are aware that due to the diversity of communities across Scotland, this will not always be possible with clubs based in rural settings often having to travel further to play matches.
- We would however encourage all clubs, ANA's and league bodies to adopt a common sense approach at all times, reducing risk to everyone involved.
- Players should travel to training by foot, bike or car wherever possible. These remain the preferred method of travel and the lowest transmission risk.
- Current Scottish Government advice recommends that if travelling by car YOU MUST ONLY TRAVEL WITH MEMBERS OF YOUR OWN OR YOUR EXTENDED HOUSEHOLD. Please follow these guidelines -
<https://www.transport.gov.scot/coronavirus-covid-19/transport-transition-plan/advice-on-how-to-travel-safely/#section-63888>.
- Ensure you remain up to date with any travel advice or restrictions posted on the Scottish Government's website:
<https://www.gov.scot/publications/coronavirus-covid-19-phase-3-staying-safe-and-protecting-others/pages/getting-around/>.
- It is a club's responsibility to follow all appropriate guidelines to enable the return to training in a safe manner. Clubs must visit and understand all relevant guidance available on the Scottish FA 'Return to Football Hub'.
